KWABENA OSEI-TUTU

London | 0788356831 | koseitutu03@gmail.com Linktree Portfolio LinkedIn

Versatile 3D artist and web designer with a strong background in creating 3D models for racing games at London South Bank University Racing and developing a website for a charity at GlassRootWeb. Proficient in using Blender, Unity, Maya, Adobe Photoshop, Substance Painter, Adobe Premiere, and Adobe Audition to enhance visual content and user interfaces. Proven ability to collaborate effectively with cross-functional teams and deliver high-quality results on time. Career goal: to use creative skills in an environment that values innovation and excellence.

Experience

Work Experience   **Sep 2024 - Dec 2024**
London South Bank University Racing   **London**

- Created 3D models for a racing game using Blender, including a model of the racetrack, which enabled the programmer to develop a Formula One style vehicle.
- Effectively communicated with various departments to ensure project alignment and success.
- Modelled different parts of the racetrack and assisted in modelling parts of the car.

Web Designer   **Jul 2024 - Dec 2024**
GlassRootWeb   **London**

- Created engaging websites for charity, focusing on strong UI to attract donations for a Children's homeless fund in Lebanon.
- Utilized Webflow to follow style guidelines set by clients, resulting in the completion of 7+ pages.
- Enhanced brand's online presence by creating high-quality visual content using graphic design software.

Team Member   **Aug 2024 - October 2024**
Springboard   **London**

- Collaborated with a team as a 3D artist, working on a video game project aimed at attracting investors' attention.
- Received valuable advice from game publishers and developers to help improve the game.
- Mentored by experienced game developers, gaining key insights and advice.

Society Member   **Jul 2024 - Dec 2024**
Shoryu Restaurants   **London**

- Served 50+ customers daily by taking orders, running food, and handling payments.
- Maintained cleanliness and organization of the dining area.
- Polished cutlery and glassware to ensure they were ready and clean for the next day.
